

I chatter, chatter, as I flow,  
To join the brimming river;  
For men may come and men may go,  
But I go on forever.

Drink  
**Coca-Cola**

The Standard Beverage

Imitations of COCA-COLA come and go—none last more than a few seasons. This has been going on for 29 years—yet COCA-COLA, unchanged in name or self, keeps its old friends and makes new ones.

Demand the genuine by the full name that has inspired so many imitations.

**CALOMEL IS MERCURY! IT SICKENS!  
ACTS ON LIVER LIKE DYNAMITE**

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and Doesn't Salivate or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone on my guarantee.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tone. Take a spoonful at night and if it doesn't straighten you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick. I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

**Operation Not Needed**

Mrs. W. A. Barnes, who lives in Ballard, Calif., has sent to the Pinus laboratories a very strong endorsement of Fruitola and Traxo. In her letter, Mrs. Barnes says:

"Doctors say gall-stones cannot be cured without an operation, costing much money as well as unnecessary suffering. I am cured, I know, and this is proof positive, and my friends know that such is the case. Fruitola is a powerful lubricant for the intestinal organs, softening the hardened particles that cause so much suffering and expelling the congested waste in an easy, natural manner. A single dose is usually sufficient to clearly indicate its efficacy. Traxo is a splendid tonic alternative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion, and removes bile from the general circulation. Traxo should be taken three or four times a day following a dose of Fruitola to strengthen and restore the weakened, run-down system. For the convenience of the public, arrangements have been made to supply Fruitola and Traxo through leading drug stores. In Anderson they can be obtained at Evans' Pharmacy, three stores.

"Now that you've moved out to the suburbs, Jones, you ought to keep a watch dog."

"Nothin' doin'—I had a small watch dog, would him up one night, set him by the grandfather clock in the front hall and went to bed."

"Well, that night a burglar came and the little watch dog was so scared he didn't spring."

"Why?"  
"I guess his main spring was broken."—Florida Times-Union.

**Novel Hardware Display at San Francisco.**

One of the large hardware-manufacturing companies has constructed an exhibit at the Panama-Pacific exposition which has attracted considerable attention because of the ingenious way in which it has been executed. A stage on which a river and mill scene is shown has been produced by grouping thousands of different pieces of hardware, while adjacent to this is a clock tower similarly built. Pictures of the display are published in the August Popular Mechanics Magazine.

The old mill, standing at one side of a river, with characteristic waterfall, spillway, and revolving wheel, is formed entirely by articles with which almost every one is familiar. Moving nicked chains and revolving auger bits are used to produce the effect of running water, which, when viewed from a short distance, looks very realistic. A steamboat crossing the stream in the background is composed of a saw, carpenter's level, hose nozzle, and a mallet, while a windmill on one of the river banks consists of cleavers, penholders, and lead pencils. The water wheel is made of files, saws, drill bits, and hammer handles.

On each side of the stage are artificial fountains which are so well worked out that the illusion is nearly perfect. Fine chains, which at first sight appear as a spray, rise and fall as if impelled by very high water pressure, while spinning auger bits are again used to produce the whirling effect of water falling from the upper to the lower basins. Door hinges, compasses, and chains are used in forming the palm trees set at the sides of the fountains.

**Mr. Rosenberg Injured.**  
Yesterday afternoon during the rain Mr. H. H. Rosenberg, who runs tailoring establishment on North Main street, hurt his arm while lowering a window. In some way his wrist was caught on a hook and a bad gash was cut.

When a woman has a suspicion she is always willing to share it with others.

**Postponing Old Age.**  
Overworked, weak or diseased kidneys will often make a man or woman feel old before middle age. Rheumatism, aches and pains in back, puffiness under eyes, stiff joints and sore muscles, biliousness, headache and various other symptoms give warning that the kidneys need help. Foley Kidney Pills bring a sound, healthy condition and help the kidneys eliminate uric acid and other poisons from the system, which, when permitted to remain, cause dangerous disease. Sold everywhere.

**In Federal Probe of the Eastland Wreck.**

A. L. Thurman.  
W. C. Redfield.  
George Uhler.

Under the direction of William C. Redfield, secretary of the department of commerce, A. L. Thurman, collector of the department, has taken up the federal investigation of the wreck of the Eastland in the Chicago river. Mr. Thurman was taken into the department by Mr. Redfield. He is from Ohio, and is a graduate of the law department of the University of Virginia.

George Uhler, supervising inspector general of the steamboat inspection service of the department of commerce, was in California when the accident occurred. He left at once for Chicago. General Uhler has been in the service since 1903, leaving the presidency of the Marine Engineers' Beneficial society to take the place, and since his occupancy of the position has been through several hard fights with various interests. In his earlier years he was a marine engineer himself, serving, however, on the salt water and not on the lakes.

"There is no commission, body, or department in the service that has any power to sit in judgment on the stability of a vessel," said Secretary Redfield in Washington the other day. "In my reports I have called attention to the need of additional powers. A year ago before the Marine association in New York, I spoke of the necessity of giving the service greater powers of inspection over steamboats."

Mr. Thurman said: "A man can build any sort of a boat he sees fit. He can take any model he desires and get it into commission without any inquiry at all from the government as to whether it is a stable craft. There is no board with authority to pass on its design."

**The Best Polley.**

"What's your idea of a honest man?"  
"An honest man," replied Mr. Kimp, "is one who likes the same music in private that he says he likes when his wife is giving a musical evening."—Philadelphia Record.

**CITROLAX!  
CITROLAX!**

Best thing for constipation, sour stomach, lazy liver and sluggish bowels. Stops a sick headache almost at once. Gives a most thorough and satisfactory flushing—no pain, no nausea. Keeps your system cleansed, sweet, and wholesome.—R. H. Weibrecht, Salt Lake City, Utah, writes: "I find Citrolax the best laxative I ever used. Does not grip—no unpleasant after-effects." Sold everywhere.

**NOTICE.**

The parties buying the property of the Bank of Starr which will be sold on August 4th will have to pay all back State and county taxes on this property. By order of Anderson county.

Winston Smith,  
Auditor.

**SATANET TO CLIMB CHIQUOLA BUILDING**

"Virginia Daredevil," to Give Free Exhibition Tomorrow Afternoon at 7 O'clock.

Many people will gather on the square tomorrow evening at 6 o'clock to see the "Virginia Daredevil," scale the walls of the Hotel Chiquola building, this event being scheduled for that time. He will not be aided by anything but will go directly up the side of the building by using his hands and feet. This same man has climbed the Woolworth building in New York City and there is no doubt about his being able to do what he says he will do when it comes to scaling brick walls.

Several weeks ago Satanet climbed the Palmetto building in Columbia and after his feat it was announced that the next afternoon he would try the dome on the state house. Accordingly a great crowd gathered. He proceeded to the dome but just as he got there, a driving rain started and in getting up the dome his hands were placed in some water, which caused him to fall a distance of 40 feet. As a result four ribs were broken but now Satanet is well again and has gone back to his same old tricks.

**SPECIAL RATES TO CLEMSON COLLEGE**

Have Been Put on By Southern Railway for Those Who Attend Summer School.

Clemson College, Aug. 3.—The railroads have agreed to give special rates from points in South Carolina to Clemson College to those who are intending to attend the summer school to be held at Clemson, August 9 to September 4. Persons who are coming to the college to attend the summer school should ask for these rates when buying their tickets. The tickets will be on sale August 7, 8, and 9th, and will be good on trains leaving on those days. The return tickets will not expire until September 6.

The prospects are for a large enrollment in the four summer school courses that Clemson College is offering. These courses are for farmers, rural school teachers, rural ministers and corn club members.

**You Cannot Tell a Good Hen by Looking at Her.**

In the current issue of Farm and Fireside, the national farm paper published at Springfield, Ohio, the editor says that good laying hens and milking cows cannot be judged by appearances. Stories are told of laughable mistakes made by experts, who have tried to judge, by appearances, the egg-laying proclivities of hens. The editor of Farm and Fireside says in part:

"The trap nest is the only thing which tells. 'And when we have looked over some of the observations of a few of the European dairy authorities, we are inclined to think that there is a good deal of error in what we are taught about the dairy type of cow. Probably the scales and Babcock test is the only way to tell a good milker. When a man buys a cow of 'dairy type' he stands a better chance of getting one with a good pedigree—even though he may not know it—than if he buys one of the beef type. But when it is stated that the beef type of cow cannot be made to perpetuate good milking qualities, we respectfully refuse to believe it."

"The accepted laying type of hen is a myth; the accepted milking type of cow may be also."

**The Clerk Guaranteed It.**

"A customer came into my store the other day and said to one of my clerks, 'have you anything that will cure diarrhoea?' and my clerk went and got him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and said to him, 'if this does not cure you, I will not charge you a cent for it.' So he took it home and came back in a day or two and said he was cured." writes J. H. Berry & Co., Salt Creek, Va. Obtainable everywhere.

**Could You--**

Use a little extra money to good advantage just now?  
Haven't you something to sell?  
Do you own something you no longer use, but which if offered at a bargain price would appeal at once to some one who does need it?

An INTELLIGENCER Want Ad will turn the trick.
